

# How to Separate and Dispose of your Household Waste Chikuma City

Please read this flyer for information about reducing and recycling your household waste. Please adhere to these regulations.  
Contact the person in charge of your district or your local government office if you are unsure of the designated disposal area.

## Types of Refuse

## Disposal Method

### Combustible

Number of pickups ▶ **Twice / Week**  
Disposal Location ▶  
**Combustible Refuse Station**

Paper waste, plastic buckets and basins, leather goods, futons, video tapes, CDs, etc

- Place up to 5kg of waste in the designated refuse bag
- Drain excess liquid from food waste before disposal
- Write your name on the refuse bag

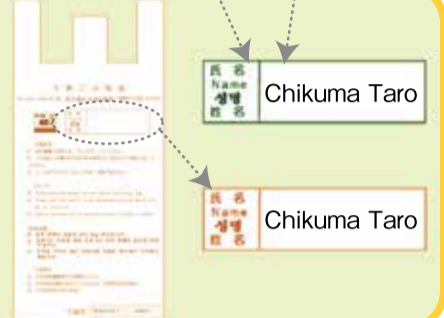

### Non-combustible

Number of pickups ▶ **Once / Month**  
Disposal Location ▶  
**Non-combustible Refuse Station**

Glass cups, beer bottles, bottles for cosmetics, electrical appliances weighing 5kg or less

- Place up to 5kg of waste in the designated refuse bag
- Write your name on the refuse bag

### Bottles and Cans

Number of pickups ▶ **2 to 4 times / Month**  
Disposal Location ▶  
**Recyclable Refuse Station**

Please wash with water prior to disposal

A hole should be made in spray cans

### Pet Bottles

Number of pickups ▶ **2 to 4 times / Month**  
Disposal Location ▶  
**Recyclable Refuse Station**

Please wash with water prior to disposal

Please remove tops and label prior to disposal

### Other Plastic Items

Number of pickups ▶ **1 to 5 times / Month**  
Disposal Location ▶  
**Recyclable Refuse Station**

Please wash with water prior to disposal. If the item cannot be cleaned please dispose of it as combustible refuse. If articles other than plastic are attached to the item please remove such articles to the best of your ability.

### Paper

Number of pickups ▶ **1 to 6 times / Month**  
Disposal Location ▶  
**Recyclable Refuse Station**

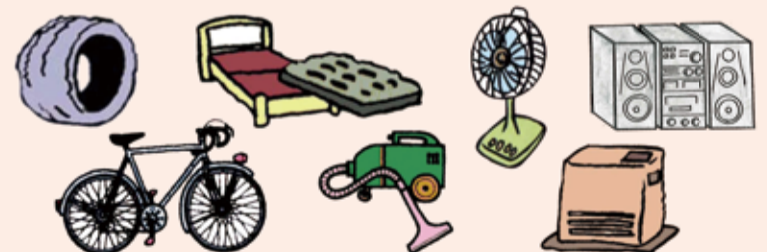

Please separate these items into the following 6 types: newspapers, magazines, leaflets, cardboard, other paper, and drink cartons.

Should be placed in a paper bag and sufficiently tied up with twine.

Should be unfolded, washed and dried prior to disposal.

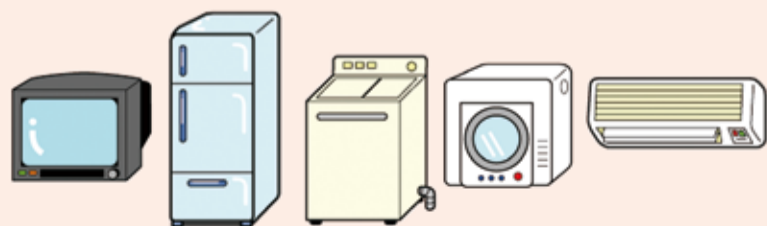

### Bulky Items

Number of pickups ▶ **Once / Month**  
Disposal Location ▶  
**Bulky Item Collection Site**

A fee will be charge for items that will not fit in a refuse bag or that weigh more than 5kg. Please contact us regarding fee details.

### Televisions, refrigerators, washing machines, dryers, air conditioners

- Please dispose of in one of the following manners
- ① Dispose of them yourself at the designated site.  
(Please contact us for information regarding disposal locations)
  - ② Ask the store where you purchased the item to dispose of it
  - ③ Dispose of it as a bulky item
- \* There will be a recycling fee charged for all of the above

### Cooking Oil

Number of pickups ▶ **Once / Month**  
Disposal Location ▶  
**Cooking Oil Collection Site**

Used cooking oil is collected. It will be recycled into items such as soap or fuel.

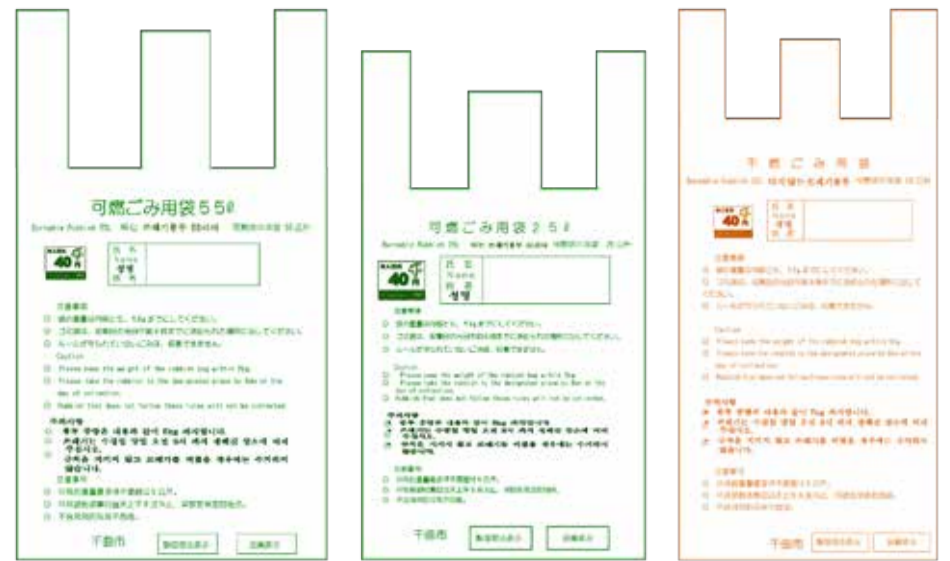

Please pour your used cooking oil into containers made available at the designated site. Please remove sediments prior to disposal.

## Regarding the Designed refuse Bags

There are three types of refuse bags designated by Chikuma city: 55ℓ for combustibles, 25ℓ for combustibles, and a refuse bag for non-combustibles. All are available for purchase at supermarkets and convenience stores.

Waste disposed of in bags other than designated refuse bags will not be collected. A waste processing fee of ¥40 is included in the price of each refuse bag.

## Collection Days for Combustible Refuse

Combustible refuse is collected twice a week in each area. **Please make sure to dispose of your refuse at the designated collection site on the appropriate collection day.** Refuse is not collected on public holidays.
